

Module 06: A European Crisis? Demographics and Immigration

Evidence 11: Stock of Foreign Labor by Nationality for France, Germany, and the United Kingdom, 2002

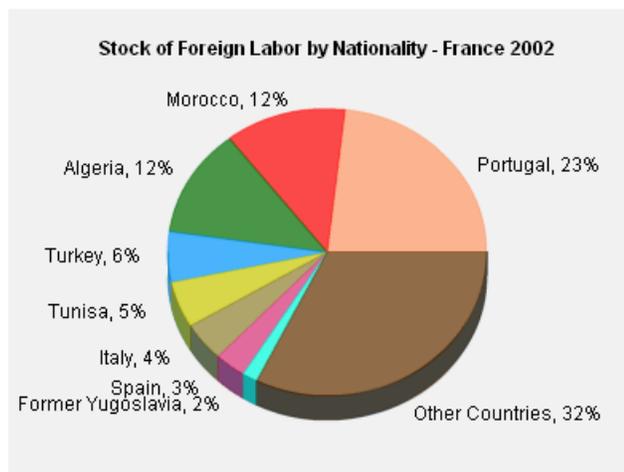

Introduction

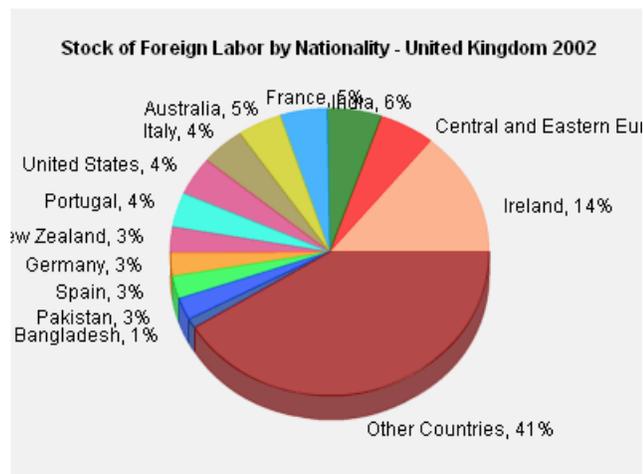

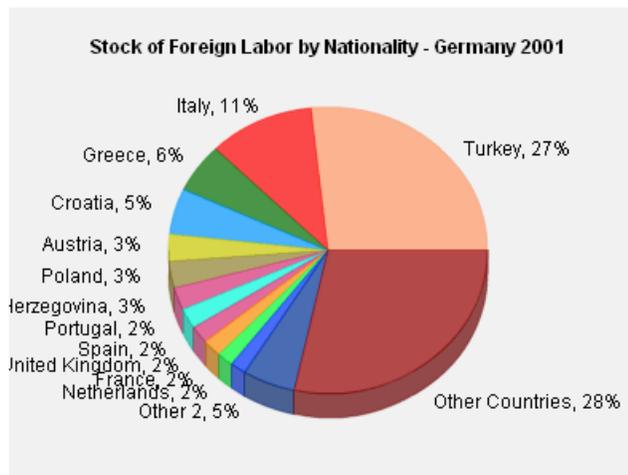

The "stock of foreign labor" is the term used for the number of foreign workers without citizenship working legally in the country at any given time, in this case in 2002.

Questions to Consider

- What can you learn from these pie charts?
- What patterns emerge?
- From where are the three countries importing their labor?
