

Module 06: "Which Side Are You On?" The Flint Sit-Down Strike, 1936-37

Evidence 14: Passing Food to Striking Workers

Introduction

The image below depicts UAW officials passing food to the sit-down strikers in Fisher Body Plant No. 1. The several hundred men who occupied the Fisher No. 1, Fisher No. 2, and Chevrolet No. 4 plants in Flint needed massive logistical support to keep the strike going.

Question to Consider

- Why might the union want the photograph widely distributed?
